Family night "Helping Students w/Math at Home"

November 20-24

Thanksgiving Break

December 2

Student-led service @ Sarasota Church

December 12-15

PCAS Santa Shop

Dear Parents,

We finalized plans for Irma makeup days. As I informed in the last newsletter, we are not allowed to extend half days to full days and have them fulfill the lost days due to hurricane Irma. So, we will still be honoring our scheduled half days throughout the rest of the year. The end of the school year, however, will be extended two more days. The last day of school will be switched from Friday, May 18, 2018 to Tuesday, May 22, 2018. Thank you all for your patience in this manner!

Attention!

PCAS Robotics Innovative Academy

PCAS is excited to begin our first robotics academy! The program will be for interested students in fourth through eighth grade. We are in need of adults that work well with students and would be interested in helping to guide student-led discovery. Technical background is not necessary but would be helpful. If interested, please contact Theresa Martinez @ 941-920-8639 or Randall Claus @ 941-889-8014.

Cookie Dough Fundraiser Due 11/14

Remember, the cookie dough fundraiser will run from October 29 thru November 14. That will give time for the cookies to arrive for the Christmas holiday. Please review the contents of the envelope with your child.

For each cookie dough unit sold, the students will receive a ticket. With that ticket, they will be able to pick 1 out of 4 activities that they want their principal to complete. The Principal's Challenge will take place Friday, November 17th. All are welcome to participate in this event.

Important

McKay checks are in! If you participate in this program please take a moment and stop by and sign your check.

Art Contest: Our theme for the art contest this month is "Negative and Positive Space." You can Google examples of this type of art. Please encourage your child to participate.

For more information on "Negative and Positive Space." Visit our school website for an example PowerPoint.

Mark your Calendar

Port Charlotte Service

Our next service ministry will take place here at our home church. On Saturday, November 11, the students of PCAS will lead out in the Sabbath service for our church families. The students have been working hard to make this service the best. They are proud to show all they know and have learned about God. Please mark your schedules to make time for your child to attend. Miss Torres has sent out memos on attire. Please review and contact her with any questions.

Family Math Help

Are you a parent that wants to know how to help your child with math at home? Well, we have the answer to your prayers! On Tuesday, November 14, we will be hosting a Family Math Night where you can learn different ways to help your child with math at home. This is a time for fun and learning. I hope you can make time in your busy schedule to attend this event.

November 20 thru November 24

HAPPY THANKSGIVING!

PCAS Santa Shop

I cannot believe that we are almost halfway through the year and Christmas is right around the corner. Last year we started a Santa Shop where students could come and purchase small gifts for their loved ones. It was a great success and the children loved being able to decide what they could buy Mom and Dad without them knowing. This year we will continue the event. The shop will run from Monday, December 12 through Friday, December 15. The shop also helps fund part of our end-of-year trip.
