RAS Instagram

Rogers has started an Instagram page!

Unlike our Facebook page that is private and only available to approved individuals, the RAS Instagram page will be public as we hope to show the world all the cool things happening at our school!

If you have already requested that your child's photos not be published, this will not change. Your child's photos will not be on our Instagram page or any of our RAS marketing materials.

If you haven't made that request but still would prefer that your child's photos not be on the Instagram page, just drop me an email (holley.bryant@rogersschool.org) and I will be happy to make sure that we do not use any images with your student.

If you are on Instagram yourself and would like to follow our page, it can be found at [rogerssda](https://www.instagram.com/rogerssda).
