The Nepean Family Life Ministries: This week's Marriage Health Tip is about:

"Are They On Your Mind?"

How often is your spouse on your mind? A great way to let your partner know you've been thinking about them is to give them a small gift; it'll make them feel special (not the gift itself, really, but what it represents – that they were actually on your mind.) For simple gifts ideas to that special someone in your life, please visit our web site www.nepeanadventist.org/ministries/family-life.

Welcome & Happy Sabbath!

When it comes to getting ahead in life we have a saying that goes something like this – “It’s not what you know, but who you know that counts”. In today’s message we are going to learn that when it comes to prayer that what matters most is that God knows you. Join us today as Pastor Bob talks about the importance of being “known” in this message entitled
