# Checklist for AAPOR TI

## Survey: May 2022 National Poll

<table>
<thead>
<tr>
<th>TI Disclosure Elements</th>
<th>Answers</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.</td>
<td>Emerson College</td>
</tr>
<tr>
<td>2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.</td>
<td>See Below</td>
</tr>
<tr>
<td>3. A definition of the population under study and its geographic location.</td>
<td>Registered voters in the United States</td>
</tr>
<tr>
<td>4. Dates of data collection.</td>
<td>April 25-26, 2022</td>
</tr>
<tr>
<td>5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.</td>
<td>Data was collected using a multi-stage probability sample of 29,887 landlines provided by L2, with an online panel provided by CloudResearch.</td>
</tr>
<tr>
<td>6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.</td>
<td>CloudResearch</td>
</tr>
<tr>
<td>7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.</td>
<td>CloudResearch uses opt in panels and not online ads to recruit participants</td>
</tr>
<tr>
<td>8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.</td>
<td>See #5</td>
</tr>
<tr>
<td>9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.</td>
<td>IVR and Online</td>
</tr>
</tbody>
</table>
10. Sample sizes (by sampling frame if more than one was used) and a
discussion of the precision of the findings. For probability samples, the
estimates of sampling error will be reported, and the discussion will
state whether or not the reported margins of sampling error or
statistical analyses have been adjusted for the design effect due to
weighting, clustering, or other factors. Disclosure requirements for
non-probability samples are different because the precision of
estimates from such samples is a model-based measure (rather than
the average deviation from the population value over all possible
samples). Reports of non-probability samples will only provide
measures of precision if they are
accompanied by a detailed description of how the underlying model was
specified, its assumptions validated and the measure(s) calculated. To
avoid confusion, it is best to avoid using the term “margin of error” or
“margin of sampling error” in conjunction with non-probability samples.

<table>
<thead>
<tr>
<th>The sample consisted of registered voters, n=1,148, with a Credibility Interval (CI) similar to a poll's margin of error (MOE) of +/- 2.8 percentage points. A screening question was asked if the voter was a registered voter. If the respondent said they were not registered, they were eliminated from the sample.</th>
</tr>
</thead>
<tbody>
<tr>
<td>The data was weighted by gender, age, education, race, and region based on 2022 turnout modeling</td>
</tr>
</tbody>
</table>

11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.

12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. *Reviewer: Type NA if not applicable.*

| N/A |

13. Contact for obtaining more information about the study.

| emersonpolling@emerson.edu |

1. **What is your party affiliation?**
   - Not registered to vote (end)
   - Democrat
   - Republican
   - Independent/other

2. **Do you approve or disapprove of the job Joe Biden is doing as President?**
   - Approve
   - Disapprove
   - Neutral or no opinion

3. **If the 2022 midterm elections were held today, would you vote for the Democratic or Republican congressional candidate on the ballot?**
   - Democratic candidate
   - Republican candidate
4. In a hypothetical match-up, if the 2024 Presidential Election were held today, and the candidates were Donald Trump and Joe Biden, who would you vote for at this time?
   - Donald Trump
   - Joe Biden
   - Someone else
   - Undecided

5. In a hypothetical match-up, if the 2024 Presidential Election were held today, and the candidates were Elon Musk and Mark Cuban, who would you vote for at this time?
   - Elon Musk
   - Mark Cuban
   - Someone else
   - Undecided

6. What do you think is the most important issue facing the country?
   - Healthcare
   - Education
   - Economy (jobs, inflation, taxes)
   - Crime
   - Covid-19
   - Ukraine-Russia war
   - Immigration
   - Something else (please specify)

7. Do you think the Supreme Court should uphold Roe v. Wade or overturn it?
   - Uphold Roe v. Wade
   - Overturn Roe v. Wade
   - Unsure or no opinion

8. If abortion becomes illegal in your state, would you move to a state where abortion is legal?
   - Definitely
   - Possibly
   - Definitely not

9. Do you believe your state runs fair elections?
   - Yes
   - No
   - Unsure or no opinion

10. Which of the following student loan debt policies do you support?
    - Cancel no student loan debt
    - Cancel $10,000 in student loan debt per borrower
    - Cancel $50,000 in student loan debt per borrower
    - Cancel all student loan debt
11. Do you support or oppose Elon Musk buying Twitter?
   Support
   Oppose
   Unsure
   Never heard of this

12. Did you cancel or change any of your travel plans over Memorial Day weekend because of the high cost of gas?
   Yes
   No

13. In general, how safe do you feel in your neighborhood?
   Very safe
   Somewhat safe
   Somewhat unsafe
   Very unsafe

14. How concerned are you about the baby formula shortage in the United States?
   Very concerned
   Somewhat concerned
   Not very concerned
   Not at all concerned

15. For statistical purposes only, can you please tell me your ethnicity?
   Hispanic or Latino of any race
   White or Caucasian
   Black or African American
   Asian
   Other or multiple races

16. What is the highest level of education you have attained?
   High school or less
   Some college
   College graduate
   Postgrad or higher

17. What is your age range?
   18-29 years
   30-49 years
   50-64 years
   65 or more years

18. Please select the type of area where you live
   Urban/city
   Suburban
Rural

19. Who did you vote for in the 2020 election?
   - Joe Biden
   - Donald Trump
   - Someone else
   - Did not vote

20. Can you please tell me your gender?
   - Male
   - Female
   - Nonbinary or other

21. What is your household income level?
   - Under $25,000
   - $25,000-$75,000
   - $75,000-$150,000
   - More than $150,000

22. Do you think that Earth has been visited by aliens?
   - Yes
   - No
   - Unsure

23. What state do you live in? (online)
