

TRIBUTES

Today I wanted to talk about my Mom. She inspired me so much, if it wasn't for her, I don't know where i would be. My mom did so much to provide for my family. She was so hard working and loving. She taught me to be respectful, obedient and kind. Every time I wanted to give up and quit, she was there to tell me to keep going and she would guide me through whatever i was going through. Sadly my Mom passed away and every time I look at her picture it makes me want to push even harder for her. I am sad and angry but I know she is in a better place with God and out of the devils reach.

Love Jaden

Dear Mom,
You was a kind, loving and thoughtful person. I never thought something like this would happen to someone as kind as you. I know you were not perfect but none of us are. We didn't get along together that well but that never stopped me from loving you. We would laugh and joke sometimes and that's what I loved. It wasn't time for you to go but god called you home. Now you are up there with people you loved and I know that you are watching over me. I will make you proud! I love you always and forever. I will see you soon; may we meet again.

Love, Kennedy and Kendal

I truly don't know how I'm going to go on with life without you in it. I just knew we had another 30 years to go. Leslie I love you til death and after that, until I see you again forever lonely in this world; my everything I miss you immensely.

Love, Kandi Hensley

Hey momma It's my khideyde I'm going to miss you so much. I will never forget all the movies we watched "the funny ones and the scary ones" all the times we walked to the store and most of all I will never forget the times we just would be sitting down and you just start playing with us and we would laugh loud and be crazy. Momma yes I'm sad but I'm ok I promise. I know that you are in heaven and that you will always and forever be with me and momma I will Love you to infinity and beyond.

Love your big boy My'Kaile

We think about you all the time. We still sit around the table and talk about how much you are loved and missed. Trust us you will never be forgotten and forever will be in our hearts and there you will forever remain. We are holding you close as God guide us through until we meet again.
