## Announcements

**Potluck is Today!** All visitors are always welcome! Everyone, please excuse yourselves to the lobby after the benediction so that only the *invited* deacons and deaconesses can set the room for potluck. Thank you.

**A big thank you** to all of you who braved the cold and snow to come to our business meeting on Tuesday evening! At that meeting it was voted unanimously to sell the Community Services building and put the proceeds toward a youth ministries/multipurpose building. This vote will now be taken to the conference Board of Directors for their approval at their next meeting on March 4th, this Monday.

**Check the Lost and Found** under the coat rack in the lobby before items are donated to a charity.

**NOTICE:** VACS constituency meeting tomorrow, March 3<sup>rd</sup>, 9:00 a.m., at the school.

**New Small Group meeting at Arby's** will continue March 13. Our studies will be based from the Gospel of John.

**Don't forget our Poplar Mission Project** going toward the Living Hope Center construction on the Indian reservation there. Mark your tithe envelope "Poplar Project".

**Pathfinder Bible Experience** last Sabbath at the Missoula church was another tremendous success!! Our Glacier Chaser Pathfinders took first place—AGAIN and earned the honor of going to Portland for the NPUC round next weekend!! Bible scholars all! Our wonderful Adventurers were the "runners", aiding the Bible Experience hosts. We are proud of you!

**Jay & Margie McCubbins** new mailing address: P.O. Box 7935, Kalispell, 59904

**Church Directory Update** is NOW. New members, regular attendees, updated photos (if desired), updated addresses, phone numbers, etc. will be included. Photos (snapshots, not portraiture) will be taken today, March 9, and 16, on Sabbath mornings. Questions may be directed to Laurie McElvain.

**Church Board as Nominating Committee:** 2<sup>nd</sup> Reading  
Laurie McElvain as Music Coordinator

**Adventist World Radio Offering is next Sabbath March 9.** AWR circles the globe on AM/FM and short wave. Checkout the website at awr.org

**About the bulletin cover and monitor's picture.** Ice Volcanos. Really! Our "Volcano" being featured today was photographed on Thursday, February 14, on Glacier NP's McDonald Lake. It may still be there today! Water freezes on the shoreline, winds pick up and forces water under the ice and when it reaches shore, it bursts up through the ice forming these ice "volcanos" This happens on the Great Lakes and can be viewed on YouTube. Search: *ice volcano*. McDonald Lake is covered in so much ice, the surge no longer reaches the shore, so this volcano is sleeping for now. You will see many other "volcanoes" that have formed but are now "dormant". This photograph was taken on the dock at the boat ramp in Apgar and a good place to view many more, unless now buried in snow.
