

ADMIRATION OF LOVE

TO OUR DAD

Reggie was one of a kind, our father and best friend. He was there for us every step of the way and he never missed a beat. He loved us unconditionally and encouraged us to be great! He pushed us to accomplish the goals we had set for ourselves, and he just wanted to help us achieve them anyway that he could. He always reminded us that we were destined for greatness and there were no limits to what we could do with our lives. Our Father was our biggest fan and a great role model. We could call him at any time, and he always had a solution to our problems. We are going to miss your big personality and all the jokes and laughs because there was never a dull moment with you. Thank you for your sacrifices, we will cherish them deeply forever. Although you're not here with us physically we know that we have gained our Angel and that you will always be with us every step of the way. We will continue with all of the discipline and integrity that you instilled in us. Alongside accomplishing every goal and aspirations that we will have going forward executing each in your honor. Life will definitely be different without you, but we are grateful we were blessed to have a Dad like you. We will miss you and cherish the great memories as you watch over us and continue to guide us on our journey of life. This is not "Goodbye" nonetheless "We'll see you later."

With all of our love and some of yours too!

DEAR DAD

I know you're watching over us
I just want you to know that I'm thankful for all the moments we shared
I will always look after my little brothers and sisters just like you would want me to

And everything I do from this point on will be in your honor
All I ever wanted was to play one game in front of you, I did
You're my role model, I've always looked up to you
And I know you'll always live in my heart
I know you're in a better place now
We all love you.

Love, Pook Man

REGGINALDO

I could do it all over again, I would with no hesitation
Our roller coaster relationship was legendary
You being a part of my life story for the past 20 years was necessary
I don't know what the next chapter will look like without you, I'm scared
But I can hear you saying, "Head up Chest out Bri"
So, in the end we became best friends.

I do believe you raising Shaniya got you prepared for your own children
Thank you for loving her just the same, Reggie watch over ALL these babies

God's purpose and Gods perfect timing, your work here on earth was done

Thank you, God, for allowing us to borrow him as long as we did!
I'll love you endlessly
Forever and always

DADDY

The day you left and gained your wings my heart just broke in two.
I wish you could have stayed with me forever.

I will cherish all the precious memories of our time together.
You were the best dad ever, who always showed me a very special love.
I will miss you dearly daddy, but I know you are watching over me from Heaven.

WE LOVE YOU

My Precious Son, Chad

My first born, my forever love who made me a mother.
I will always miss your radiant smile
I know you are good, and I no longer must worry as you would often tell me

Over the last year, I saw you standing strong yet weary
Your visits and phone calls became shorter and shorter
You were trying to show me how to live without you on earth
As a baby you were on my lap as man you are forever in my heart
Your love was one in a million and will reign on in the lives of your children

I am proud to call you son, keep shining and smiling down on us
As I take on my new assignment of living without you in the flesh, I have full assurance that you are taking on your new assignment, "Going about God's Heavenly Business"

You are safe in his arms, a soldier in God's Army
I know I will see you again, until then, take your rest
I will continue loving your babies just as I have always done.

Love, Mama

My Brother's Keeper

Chad was the oldest of us all, first son, and grandchild. He was the blueprint, and we all looked up to him. As the eldest brother he was the protector, the teacher, and our best friend. In words our brother was Strong, Courageous, Loyal, Hardworking, and most of all He was loving. But words can't encompass everything, he so was much more than the sum of his actions. He always had that radiating smile on his face when you saw him and a laugh we will never forget. His spirit and his love will be with us forevermore. His Story has been written, but his legacy lives on.

CHAD

The loss of you means more than just a precious life gone. It represents the loss of future experiences either on the domino table or the video game system and our special family fun times. I was not prepared for your departure and my world is forever changed.

I know you believed in God, so I will find peace knowing you are in a better place.

I enjoyed every minute we spent together as Father and Son.

Love, Pops

UNTIL WE MEET AGAIN...
