

## Checklist for AAPOR TI

**Survey: March 2022 National Poll**

TI Disclosure Elements	Answers
1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.	Emerson College
2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.	See Below
3. A definition of the population under study and its geographic location.	Registered voters in the United States
4. Dates of data collection.	March 18-20, 2022
5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.	Data was collected using a multi-stage probability sample of 29,359 landlines provided by L2, with an online panel provided by Amazon Mturk.
6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.	Amazon MTurk L2
7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.	Amazon MTurk uses opt in panels and not online ads to recruit participants
8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.	See #5
9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.	IVR and Online

<p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To avoid confusion, it is best to avoid using the term “margin of error” or “margin of sampling error” in conjunction with non-probability samples.</p>	<p><b>The sample consisted of registered voters, n=1,032, with a Credibility Interval (CI) similar to a poll’s margin of error (MOE) of +/- 3.0% percentage points.</b></p> <p><b>A screening question was asked if the voter was a registered voter. If the respondent said they were not registered, they were eliminated from the sample.</b></p>
<p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p>	<p><b>The data was weighted by gender, age, education, race, and region based on 2020 turnout modeling</b></p>
<p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. <b>Reviewer: Type NA if not applicable.</b></p>	<p><b>N/A</b></p>
<p>13. Contact for obtaining more information about the study.</p>	<p><a href="mailto:emersonpolling@emerson.edu">emersonpolling@emerson.edu</a></p>

1. What is your party affiliation?  
Not registered to vote (end)  
Democrat  
Republican  
Independent/other
2. Do you approve or disapprove of the job Joe Biden is doing as President?  
Approve  
Disapprove  
Neutral or no opinion
3. Do you have a favorable or unfavorable view of the following people? First, former President Donald Trump  
Very favorable  
Somewhat favorable  
Somewhat unfavorable  
Very unfavorable  
Unsure
4. Next, President Joe Biden  
Very favorable  
Somewhat favorable  
Somewhat unfavorable  
Very unfavorable  
Unsure
5. If the 2022 midterm election were held today, would you vote for the Democratic or Republican congressional candidate on the ballot?  
Democratic candidate  
Republican candidate  
Undecided
6. In a hypothetical match-up, if the 2024 Presidential Election were held today, and the candidates were Donald Trump and Joe Biden, who would you vote for at this time?  
Donald Trump  
Joe Biden  
Someone else  
Undecided
7. What do you think is the most important issue facing the country?  
Healthcare  
Education  
Economy (jobs, inflation, taxes)  
Crime  
Covid-19  
Ukraine-Russia war

Immigration

Something else (please specify)

8. How much of a threat to public health in the United States do you believe Coronavirus is?

Major threat

Moderate threat

Minor threat

Not a threat

9. Do you believe your state runs fair elections?

Yes

No

Unsure or no opinion

10. Have increased prices of everyday items caused you or your household any hardship this month?

Yes, significant hardship

Yes, some hardship

No, no hardship

11. What do you blame for the increase in gas prices?

Covid-19

Gas and oil sanctions against Russia

The Biden administration

Supply chain disruptions

Gas and oil companies

Unsure

12. Should President Biden go to Brussels to join NATO leaders next week amid the Ukraine war?

Yes

No

Unsure or no opinion

13. Should President Biden give priority to the War in Ukraine, or domestic affairs at home?

War in Ukraine

Domestic affairs at home

Unsure or no opinion

14. Should the United States accept refugees from Ukraine?

Yes

No

Unsure or no opinion

15. Do you think nuclear war is inevitable, or do you think that nuclear war will never occur?

Inevitable

Will never occur

Unsure or no opinion

16. Thinking about Russia, how concerned are you about a potential nuclear conflict?

Very concerned

Somewhat concerned

Not too concerned

Not at all concerned

17. Last week, most of the country resumed Daylight Saving Time, moving ahead one hour. Congress is considering legislation to keep Daylight Saving Time year round. Should the US make this change permanent, and not change an hour back in November?

Yes

No

18. For statistical purposes only, can you please tell me your ethnicity?

Hispanic or Latino of any race

White or Caucasian

Black or African American

Asian

Other or multiple races

19. What is the highest level of education you have attained?

High school or less

Some college

College graduate

Postgrad or higher

20. What is your age range?

18-29 years

30-49 years

50-64 years

65 or more years

21. Please select the type of area where you live

Urban/city

Suburban

Rural

22. Who did you vote for in the 2020 election?

Joe Biden

Donald Trump

Someone else

Did not vote

23. Can you please tell me your gender?

Male

Female

Nonbinary or other

24. What is your household income level?

Under \$25,000

\$25,000-\$75,000

\$75,000-\$150,000

More than \$150,000

25. What state do you live in?
