RIPON

Thursday 20 October

Sure foundations

Jesus said that those who put his teaching into practice build on the rock, while those who do not are building on sand. God's Word is the only sure foundation for our lives.

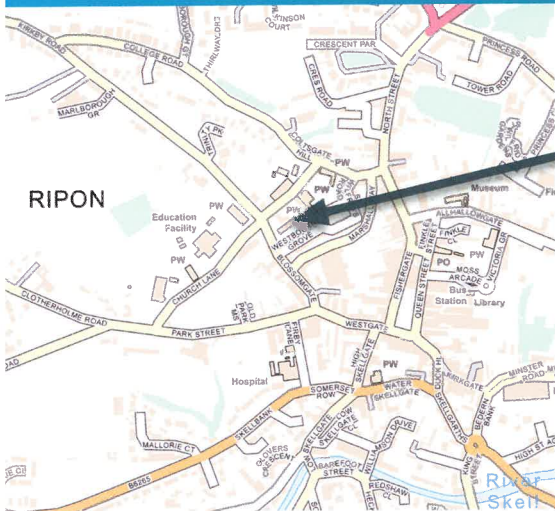

What is true of individuals is also true of society. God's design, reflected in his moral law, is the only sure foundation.

Biblical standards are good for all people, for all time. Any society that ignores or rejects them is in grave danger.

We will look at how biblical foundations like the sanctity of all human life and God's design of male and female are being attacked in our nation today. We will think about

current challenges to the freedom to proclaim these fundamental truths. And we will update you on our legal work – supporting believers who face discrimination for following Christ's teaching.

Join us to hear more.
