Key Skills

- Dynamic strategic planning
- Strong commercial acumen
- Confident communicator and negotiator
- Experience managing organisations through change

Experience

Foursquare Group Ltd | **Director/Founder** | **Oct 2018 – Present**

Foursquare Group protects and supports independent business. We have developed four compliance packages (health and safety, training, food safety and facilities maintenance) which are delivered to our core markets of hospitality, retail, leisure and tourism. As sole shareholder and Director, I am fully accountable for the strategic direction and impact of the business.

Liverpool Chamber of Commerce | **Non-Exec Director** | **Aug 2018 - Present**

Established in 1850, Liverpool Chamber of Commerce is the largest business membership organisation in the Liverpool City Region. My role involves working alongside the rest of the board members to deliver a concise strategy, ensure sound financial decision making, uphold good governance and hold the executive to account.

Key involvements:

- Member of the governance sub-committee
- Member of the business policy forum
- Board sponsor and Chair of the 'Change-makers' programme for 2020 and beyond

The Bread and Butter.Co | **Founder** | **Nov 2019 - Present**

The Bread and Butter Co is a not-for-profit initiative which provides fundamental business support to independent business. Delivered through a combination of third-party sponsorships and funding, the initiative will work with the local authority and partners to make measurable improvements to the local economy.

randr Safety Systems Ltd	I	Director / Co-Owner	I	Dec 2016 – Dec 2018
---------------------------------	----------	----------------------------	----------	----------------------------

As a well-respected 22-year old organisation, randr Safety Systems delivers health and safety consultancy to the construction and engineering industries. During my two years as Director, I managed the business through a series of complex changes which ensured that the business was fit for purpose and future proof. I exited the business in Dec 2018 as part of a merger deal with a local competitor.

3B Training Ltd	I	Business Development Manager	I	Mar 2014 – Dec 2016
------------------------	----------	---	----------	----------------------------

I joined the company in its early stages to open a profit centre in Liverpool, which was a previously under-explored market for the business. In March 2014, the centre turned over a revenue of £400, with myself as the sole employee in a shared office. By Dec 2016, the centre revenue was £40,000 a month and was generated by a team of four staff from our own 2,500 square foot office in a premium South Liverpool location.
