*I came across a split in the way  
having to choose where I should stray.  
Should I take the smooth paved street  
or wander off and see what I meet.*

*Enjoy the calm nature breeze  
or the bustling city by the seas.*

*A nice warm tropical land  
feeling the heat radiate off the sand.*

*Wondering what one I should do  
but I can choose only one of the two.*
