### For Today: Enough

I keep seeing one word over and over. I think it is Satan's favorite word. "Enough." Fear tells people: "You're not smart enough." "You're not talented enough." "You're not old enough." "You're not young enough." "You're not rich enough." "You're not a good enough husband or wife." You're not anything enough. You don't get enough sleep. You don't have enough time. You don't have enough saved for retirement. You don't have enough energy. You don't have enough hope. You don't have enough laughter in your life. You don't have enough friends. You don't have enough skills. You don't have enough to share.

And here's a surprising truth: You're not. I'm not either. Try as we may, win as we may, we will never be or have enough. That's the sad reality of our tiny human lives. Alone, we will never reach perfection. We will never reach completion. We will never reach enough.

Jacob, the son of Isaac, often is portrayed as a sort of plucky underdog, but he also could be described a vile character. Jacob slid into the world, clutching his twin brother's heel, the second son in a culture in which the first-born inherited everything. Jacob clawed after the position and privilege that his birth-rank denied him. He cheated his brother Esau and lied to his father on his deathbed. After fleeing home to live with his uncle Laban, Jacob took on wives, fathered children, and built a small fortune in livestock, returning to his homeland years later. He brought lavish gifts for his brother: cattle, goats, sheep, donkeys, and camels as an elaborate peace offering to atone for the wealth he stole. Esau ran to embrace him. About the gifts, Esau said, "**I have enough**, my brother; keep that thou hast unto thyself."

Those three words form a profoundly radical statement. They cut against the grain of the dominant culture, then and now. In pagan wisdom literature, wealth must be stolen. Yet, they have the potential for changing one's orientation to the world. To say, "I have enough," is to renounce striving as a primary mode of being. It is to replace an economics of scarcity with an economics of abundance. It is to replace a posture of fear with a posture of trust. Those three words are not a solution to striving but a possibility.

Actually, those three words are the story of the gospel. Enough is elusive. Enough is impossible. Enough is out of our reach. Until the cross. Until Christ. Until Emmanuel became enough. The great debate for enough is over. The great journey to the land of enough is done. The struggle is complete. In Christ, you are enough. In Christ, you have enough. In Christ, you find enough.
