Guiding Philosophy

We respect the individual needs and interests of our students and believe complete educational development includes spiritual, intellectual, emotional, social, and physical aspects. We provide our students with engaging and varied learning activities, a safe and supportive family atmosphere, daily physical activity (organized play and free play), include Bible study and prayer, and are involved with our community on a regular basis.

Admissions Information

Admissions Policy

It is the policy of Sitka Adventist School to admit students of any race, ethnic background, gender, or religious beliefs who are willing to support the principles and regulations of the school.

All student applications will be reviewed by the administration before acceptance by the school board and principal/head teacher. An applicant's acceptance will be based on previous academic records and personal references.

The school reserves the right to evaluate any student before placement in grade level.

All new students are required to submit the following items along with registration forms:

- Copy of Birth Certificate
- Copy of immunization record
- Copy of physical

Students entering First Grade must be 6 years old on or before September 1.

Enrollment Priority

1. All returning students who are presently enrolled at Sitka Adventist School and who are current on their account will be given first priority for enrollment for the succeeding school year. Completed re-enrollment packets (including a registration deposit) are required to guarantee a student's placement. The re-enrollment packets will be due before the school year in question along with a \$500 deposit (this includes \$200 registration fee and first month's tuition of \$300-a savings of \$50). This is called "Early Bird Registration."
2. Secondary priority will be given to Seventh-day Adventist families who are currently not attending Sitka Seventh-day Adventist School.
3. Third priority will be given to siblings of current students who are not attending Sitka Adventist School.
4. Open enrollment.

Enrollment Incentives

- Students who recruit another child will receive an additional 5% tuition discount for the entire year, provided the new student attends for at least 1 semester. (Discount can be applied to only one student's tuition, however, the discount offer is valid for every additional child successfully recruited.)
- Children of local clergy receive a 5% discount
- First-time students receive a 10% discount on the first two month's tuition

Immunizations

Alaska state law requires all students to submit proof of immunization against diphtheria, pertussis, tetanus, polio, measles, rubella, mumps, Hepatitis A and B, and varicella at the time of registration in order to be admitted to school. A Tuberculosis skin test is required of all new students and all 7th graders, according to Alaska state law.

Physical Examination

All students entering 1st Grade, 4th Grade, or 7th Grade, and all new students are required to have a physical examination. This form should be submitted before the start of the school year.

Probationary Period

It is our aim to see each child reach his or her maximum potential in academic achievement and to experience consistent, progressive growth in all areas of learning. A variety of methods of encouragement and challenge will be provided to students. If a student receives a failing grade in any class, it may be necessary to place the student on academic probation so that the parents and the school may closely evaluate and monitor his/her efforts and progress. If a student remains on academic probation for two consecutive quarters, the student may be required to withdraw from Sitka Adventist School. **If there are concerns that a child is causing large amounts of classroom disruptions or concerns that a child's self-esteem is being damaged by over placement in the grade level, continuation in the school program will be reevaluated.**

Student Expectations and Guidelines

Attendance and Punctuality

Sitka Adventist School encourages students to have regular and consistent attendance in order to develop punctuality and dependability. In addition, consistent class attendance has a strong correlation to academic success.

Attendance

When a student is unable to attend, the school needs to be notified by 8:30 a.m. If there is no written or verbal notification, your child's absence will be considered unexcused.

The school needs to be notified at least two weeks in advance of any scheduled family vacation or known absence so the teacher has sufficient time to gather materials, plan alternate lessons for the student, and/or write out assignment instructions.

If a student is absent for 3 or more days due to an illness, they must bring in a doctor's note.

If a student misses 10 days or more of school per quarter they must submit in writing a request for academic credit to be granted.

For every day excused, one day is allowed for make-up work (e.g. Paul's family goes to Disneyland for vacation and Paul misses 5 days of school. When Paul returns to school, he will have 5 school days to complete his missed assignments).

Student Learning Plan or IEP

- If a student does have an IEP and they are entering as a new student, the parent will disclose the student's IEP to the teacher and there will be a meeting before school starts to determine the best plan for the particular student. Sitka Adventist School strives to teach all students, but occasionally there are students who need one on one aides in school due to specific disabilities. Unfortunately, Sitka Adventist School does not have the staff available to serve as a one on one aide.
- Student, teacher, and parent will set up a learning plan during the first two weeks of school to be reviewed and signed off on by both student and parents and teacher.
- This plan will be re-evaluated each quarter, or more often if necessary
- Each family will also submit an educational support plan outlining their personal commitment to their child's learning success

Alaska Truancy Law

Alaska Statute 14.30.010: "Every child between seven and 16 years of age shall attend school during each school term."

14.30.020: "A person who knowingly fails to comply with AS 14.30.010 is guilty of a violation. Each five days of unlawful (unexcused) absence under AS 14.30.010 is a separate violation."

Punctuality

Students arriving at school after 8:00 a.m. are considered tardy. Tardiness will be excused for family emergencies, transportation problems, or health problems only. If you wish to excuse your child's tardiness, please contact the school by phone or by sending a note with your child.

Leaving Campus

Students may not leave campus during the school day without written (including text / email) permission from their parents. Students may not leave with another student or another student's parent without advanced written permission from both sets of parents. If your child will walk or ride their bike home, you must notify the school in writing in advance, but not for every instance.

Student Behavior

- Use appropriate language.
- Demonstrate personal integrity.
- Be respectful of all adults and peers.
- Refrain from bringing things to school which will distract from learning.
- Turn off cell phones and keep them in a locker during school hours, unless they are being utilized for instruction (including lunch and recess). This includes charging phones.
- Wear adequate weather-appropriate clothing and footwear (no flip flops or water shoes may be worn unless designated by the teacher).
- Not use roller blades, skateboards or roller skates on school property unless designated by the teacher.
- Not bring drugs, alcohol, tobacco, or weapons such as but not limited to: knives, firearms, or explosives. Possession of these items at school or at school-sponsored activities may result in student expulsion. Offending students may be subject to arrest and prosecution.

Disclaimer

Sitka Adventist School is not responsible for damaged, stolen or lost items. Sitka Adventist School reserves the right to search lockers, personal belongings, and students for objects or material deemed non-compliant with school policies or which threaten the safety of other students. Confiscated property may be returned at the discretion of the school administration or turned over to the police department.

Guidance Policy

It is Sitka Adventist School's policy to address any issue that comes up with students in the classroom, whether it is functional or relational. Functional issues include running inside, chewing gum, or being late for class. Relational issues include problems that have to do with inappropriate behavior towards people or property. If a student steals, if they are physically abusive, if they are threatening, if they get into a fight, parents need to hold them accountable and give consequences at home in addition to the consequences Sitka Adventist School has for them.

When these guidelines are violated, steps are taken to guide the student back toward appropriate behavior. Sitka Adventist School realizes that all students learn differently when it comes to behavior and that every situation is unique. The following is an example of what may happen, but it really depends on what the behavior the student participates in and how severe that behavior is.

The **first violation**¹ is a brief reminder of our school guidelines; the **second violation**¹ leads to a conference with the teacher. The parents are to be notified about this discussion. A **third violation**¹ results in a meeting between the teacher, parents, and student. During this meeting, the teacher, parents and student work together toward a positive behavior change.

The only caveat to the above "three violation rule" is if students are participating in the following negative behaviors which are harmful to others. Sitka Adventist School will not have any tolerance to the following behaviors:

- physically abusing any other student or animal
- blatant disrespect for classroom visitors or teachers

If any of the above behaviors or other behaviors do surface throughout the school day, the teacher/principal will contact the parent and either have a phone discussion or a planned meeting at the school. In this case, a guidance plan will be constructed, which will look like this:

¹ Each day begins with a clean slate. 'First', 'Second', and 'Third' violations refer to successive violations during the same day.
