The Final Empire. Is America on the verge of collapse? The United States is the wealthiest, most powerful nation that has ever existed. Its rise was no accident. It was formed out of hundreds of specific events that started 3,000 years before the adoption of the U.S. Constitution. But today, is the strength of this nation eroding? Did the Bible see it coming? Will America be history's final empire? Please come and bring a friend to this 3-day series starting Thursday, April 2 at 7:00 p.m.
