

Life is too short to wake up in the morning with regrets, so love the people who treat you right, forget about the ones who don't, and believe that everything happens for a reason. If you get a chance, take it. If it changes your life, let it. Nobody said life would be easy, they just promised it would be worth it.

*Live simply.
Love generously.
Care deeply.
Speak kindly.
And enjoy your life.*

Footprints

One night I had a dream. I was walking along the beach with the Lord, and across the skies flashed scenes from my life. In each scene I noticed two sets of footprints in the sand. One was mine, and one was the Lord's.

When the last scene of my life appeared before me, I looked back at the footprints in the sand, and to my surprise I noticed that many times along the path of my life there was only one set of footprints. And I noticed that it was at the lowest and saddest times in my life.

I asked the Lord about it. "Lord, you said that once I decided to follow you, you would walk with me all the way. But I notice that during the most troublesome times in my life there is only one set of footprints. I don't understand why you left my side when I needed you most."

The Lord replied, "My precious child, I love you and would never leave you. During your times of trial and suffering, where you see only one set of footprints, I was carrying you."
