Instructions for Administering Learner Survey

The study committee assigned to complete the standard for Learning Climate should also oversee the administration of the Learner Survey. Follow these instructions:

ADMINISTRATION OF LEARNER SURVEY

The Learner Survey is to be administered to learners in grades 5-12. Learners absent on the day of administration do not need to be surveyed upon their return. It is recommended that one person supervise the survey of all learners. This will provide continuity in presenting the purpose and rationale for the survey to learners.

In consultation with the local conference office of education, the principal and/or study committee may add questions that would be useful in assessing the quality of locally developed programs and initiatives.

TABULATION OF RESPONSES TO THE LEARNER SURVEY

1. Tabulation of the responses to the survey will be reported on the form provided.
2. Reporting the responses to survey items 1-30 will be done using a calculated percentage of total responses on each item.
3. The written responses will be collated and transcribed verbatim on separate pages by category.
4. Include the Learner Survey Tabulation in the Self-study Report.
