will plan to have our Valentine's party on Friday, February 8. The children are welcome to bring Valentine's cards for all 20 classmates, but it is not required. We will do an early snacky lunch along with our party that day. We will ask the girls to bring fruit to share and the boys to bring chips or crackers to share. We will have maybe a couple sweet treats. Let me know if you would like to provide one of those.

Kindergarten Readers

Kindergarten parents, you have probably noticed your kids bringing home the little paper readers. As usual, after the Christmas break we have begun our more focused effort in their reading skills. You can help by keeping track of the little books and listening to your student read them. I know it can get monotonous, but repeated practice of these books really helps increase their decoding and fluency skills as we prepare them for 1st grade. Plus, the time they read to you can count as minutes for your reading log! Thanks for your at home cooperation with our phonics/reading program. It will really make a difference.

love to have the whole class earn it! Congratulations to all of you who earn this extra privilege by using your time wisely at school or taking what isn't finished home for homework.

Papers are graded and returned to your child's folder every morning. Please spend time looking at your child's papers regularly. This will really increase how much learning takes place. And is a way to demonstrate how much you **love** your child.

First Grade Spelling test next week will be over these Lesson 17 words: when, then, hen, ten, went, send, cent, *even, *penny, * sentence

Second Grade Spelling Test will be over these Lesson 17 words: any, baby, every, family, only, holy, penny, ready, story, very, *easy, * city, *study.

In 5/6 Bible we are learning about Elisha. We started with an activity using tangrams. The students learned that working together have them more pieces and made it easier to form the required pictures just like being in a church and working together makes your walk with Jesus easier.

Math for 6th grade has been percents and 5th grade is fractions, finding common denominators.

Reading has moved to a new book, "Too Much Salt and Pepper." We are focusing on improving reading aloud.

In English we have focused on Adjectives, Adverbs, and their modifiers.
