

Acknowledgement

The family wishes to extend a heartfelt thank you and appreciation to everyone who rendered their expressions of love, their prayers cards, telephone calls food, and every act of kindness during our time of bereavement.

My love, my friend, my wife what am I going to do without you? You were everything I needed in this life. You were my friend, when I needed understanding and companionship. You were my love when I needed tenderness and passion. Whenever I turned to you, you were there with your smile with your willingness to help with your open arms, And with your love. I don't know which I loved you more for- friend or love. I only know that I did love you more every day because you were everything I needed in life and in love.
