

PRAYER TOPICS

WEEK BEGINNING 17th October 2022

The other evening I watched the documentary film called Lancaster. It is the story of the bomber which was developed in the early part of World War II. There were a number of men interviewed who sat in the various positions of the plane. They talked of their experiences and the things they saw and took part in were numbing. The death and destruction on both sides and the majority of the deaths of innocents. In the end the politicians, who ordered or organised, thought nothing of those who won our freedom.

It seems that the World hasn't learnt anything. Look at Ukraine, North Korea, China. Thousands of innocents dead. Why? Because a few people have become desperate for power, desperate to rule the World. Power goes to peoples' heads in so many situations and nearly always leads to conflict.

MONDAY – Pray for our Armed Forces. Pray that they will never have to go to war again.

TUESDAY – Pray today for all the despots who long for power at any cost. Pray for the impossible that they would see common sense.

WEDNESDAY – Pray for all the innocent people who are having their lives so horribly disrupted, loss of family members and being displaced etc.

THURSDAY – Pray for our politicians that they would not seek to become dictators but that they would be peace makers, especially over things like Northern Ireland, power sharing, and Scotland's call for independence.

FRIDAY – Pray for peace in our Land, violent crime is on the increase, gang fights, stabbings, interracial unrest in places like Leicester and Birmingham, all because some one or some group thinks they are better or more powerful than others.

SATURDAY – Thank God today that He sees no difference between black, white, or any other colour. We are all His children. Pray that we will have His vision of life where all lives matter.

SUNDAY – Once again please pray for the Leadership. Pray that we hold each other to account and that God will continually remind us that what we do or say will impact upon the whole Fellowship, and that we remain under His Kingship

GOD BLESS

Richard.
