**EDUCATION NUGGET:**

True education does not ignore the value of scientific knowledge or literary acquirements; but above information it values power; above power, goodness; above intellectual acquirements character. The world does not need men of great intellect, as of noble character. It needs men in whom ability is controlled by steadfast principle. Wisdom is the principle thing; therefore get wisdom. The tongue of the wise uses knowledge aright . Proverbs 4:7 and 15:2. True education imparts this wisdom. It teaches the best use not only of one but of all powers and acquirement's. Thus it covers the whole circle of obligation -to ourselves, to the world, and to God. Character building is the most important work ever entrusted to human

beings; and never before was its diligent study so important as now. In true education the selfish ambition , the greed for power, the disregards for the rights and needs of humanity, that are the curse of our world, find a counter-influence . God plan of life has a place for every human being. Each is to improve his or her talents to the utmost; and faithfulness in doing this, be the gift few or many, entitled one to honor. In Gods plan there is no place for selfish rivalry. Those who measure themselves among themselves are not wise, 2 Corinthians 10:12. Whatever we do is to be done as of the ability which god gives us . The stability of thy time shall be wisdom and knowledge. ED 225-226.....Lisa Heath.
