

Project Description

The goal of this project is to provide resources, information, and garden-based activities while providing a safe space to gather and socialize as a community. We also will be hosting vendors, musicians, and various community helping organizations to give life to the event. Community members would be able to enjoy an array of local artisan vendors, local produce and live music all in walking distance from our community garden.

TimeFrame

- Develop Group - COMPLETE
 - Defranco Sarabia
 - Hash
 - Rocket Turtle
 - Medical Provider - Laruan Pittman
- Create a draft of the action plan - COMPLETE
- Publish Action plan - COMPLETE
- Projected Street Shut Down Dates: 4-17, 5-22, and 6-19 from 2-6p
- Impact report
 - How many people we reached out to
 - How many people gave us their feedback
 - How many people we served
 - How many vendors we have

Location

How

This street shut down will be a part of an event Gardopia Garden is hosting called the Garden Olympics. This event aims to immerse community members in the art of gardening by participating in garden games and activities. We are requesting to close off the section of North New Braunfels between Nolan and Dawson, as seen in the image above. In the past, Gardopia Gardens has shut down the requested street two times before. Through past years we have been able to connect with a local business developer, [SAGE](#) to help us pay for the street. They have agreed to work with us to shut down the street again. We also had a representative personally speak to local businesses in the area and receive an 100% approval rating for this project. Here is the website of the [street shutdown request form](#). This application will help us receive the okay from the city. We will do an open call for vendors and performers of our already existing partnerships. We have also identified a city approved company to provide road closures, Flasher Equipment Co. Rocket Turtle Social will help coordinate the event. We will also use Gardopia Garden's volunteer base to help run event logistics.

Goals

- Provide community benefiting resources
- Host music, vendors, and art
- Develop a community organizing SOP through pandemics
- Track how many people we serve - Create Sign in Sheet assign volunteer
- 25% approved by of the community - Done

COVID Safety Plan

During our event we will host medical providers that will assist in maintaining the CDC health standards. Below is a list of medical providers.

- Laruan Pittman
 - Registered Respiratory Therapist (RRT) at CHRISTUS Trinity Mother Frances
 - Registered Respiratory Therapist at Methodist Hospital | Specialty and Transplant
 - Studied Exercise and Sports Science at Texas Tech University
 - Studied at Trinity Valley Community College
- Yanawana Herbolarios <https://www.yanawanaherbolarios.org/>
 - Maria C. Turvin
 - CEO/Operations Director at Yanawana Herbolarios

ChangeX Grant Action Plan - Slow Streets

Sustainability Plan

- Create Relationship with community
- Establish SOP of community organizing through COVID-19
- Develop Local business Sponsorship
- Metro Health - Dream SA Youth SA
