# Eulogy

Aurelio Guzman was sixty-six years old, born in Guadalajara Mexico, sadly passed away on Sunday, February 26, 2023. He died of multiple complications from aortic stenosis. During Aurelio's last hours he was sent away to eternal life with hymns sung by his Pastor, Felipe Velasco, his wife Lucia and his two daughters Juanita and Maria as they held hands with Patty Velasco and Alex Aguila and a special prayer made by Jose Guzman. Aurelio's family were also surrounded by loving friends who waited in the hospital's chapel.

Aurelio was an honorable man of God, who selflessly devoted his entire life to his wife Lucia Guzman, his children, Juanita, Maria and Jose, as well as to his eight grandchildren. His legacy will always be the love he had for serving others. Whether it would be at his church congregation, Templo La Hermosa and everywhere he went. He was known for his warmness and keen spirit which was evident the moment people met him. His contagious and welcoming smile is memorable in our hearts. He always saw the good in others and never thought with malice, but always with grace.

Aurelio is survived by three children: Juanita, Maria and Jose. Eight grandchildren: Jacob Alexander, Amber Janelle, Jeremiah Aurelio, Damaris Michelle, James Joseph, Carlos Antonio, Isabella Capri and Ezra. Six Siblings: Isidra, Angelica, Jesus, Carmela, Roberto y Arturo. His siblings all reside in Jalisco, Mexico.

Aurelio leaves a huge void in the lives of all his loved ones and everyone who knew him. We will carry you in our hearts forever!
