## Pastor's Note

### A CHURCH OF PEOPLE DIFFERENT

This year this bulletin space will be filled with materials drawn from a book written by Elmer Towns, Dean Emeritus of the School of Religion and Theological Seminary at Liberty University in Lynchburg, VA. It is entitled "I Am Jesus: Let's Change the World."

*"The human body has many parts, but the many parts make up one whole body. So it is with the body of Christ."* (1 Corinthians 12:12, NLT)

My church is called a body, which is made up of lots of different people—men, women and children. But each person is part of the body, just like your body has arms, eyes, feet, etc. Just as each part of your physical body must work in harmony with the whole, every believer must work in harmony with all others. Can you sing, speak, counsel, or give lots of money? Serve your church body where you are strongest and can do the most good. Can you pray, serve, or teach? I want every believer in My church to sacrifice and work hard; let's change the world!

My body is different in various cultures. Some churches are in the jungle, others in suburbia, and still others in skyscrapers in metropolitan areas. Different churches reach different kinds of people. Some of My churches are strong in teaching, while others are strong in worship—exaltation—and still others have practical preaching. And then some churches meet in small groups like underground churches. Find out your strength and use it for your church to reach lost people. Find out the strength of your church and support its outreach. Let's change the world.

Personal Prayer: *Lord, thank You for my church, for the way they worship and serve and care for one another. May I care for them as much as You care for them. Amen.*

KEY THOUGHT: The church is a unified body, yet its members are different in age, talent, background, training, and spiritual gifts. All must work together to carry out the Great Commission.
