LOVE

It's in fairy tales and in everyday life.

It's a verb and it's a noun.

It can happen over time or at first sight.

It might be written in the stars

or written all over your face.

It's in hopes for the future and  
sweet memories of the past.

It makes the world go round...

It's the forever feeling

I have in my heart for you.

Your daughter,  
Sharon Anderson
