CELEBRATING THE LIFE OF

Shayed Big Medicine

May 7, 1996 ~ December 10, 2024

*You aren't that far away.
Just meet me in the stars.
I saw you twinkling at me.
I know just where you are.*

*Distance can never steal
A lifetime of our love.
It is when it is the darkest
The stars appear above.*

*So shine ever so brightly.
Let me know you still care.
Meet me in the stars
And I will find you there.*
