Key Concepts for Spiritual Growth

The human tendency to do what seems right based on personal judgement frequently leads to problems that create disharmony and disunity. Christians can avoid this pitfall by seeking the wisdom found in God's Word, particularly focusing on Christ, the center of the gospel.

How to Hear the Voice of God

God has an outside voice, and He is not afraid to use it. But when God wants to be heard, when what He has to say is too important to miss, He often speaks in a whisper. We lean toward a whisper, and that is what God wants. The goal of hearing the heavenly Father's voice isn't just hearing His voice; it's intimacy with Him. That's why He speaks in a whisper. He wants to be as close to us as is divinely possible! He loves us, likes us, that much.

Writer/physician, Rachel Naomi Remen has said:
"The most basic and powerful way to connect to another person is to listen. Just listen. Perhaps the most important thing we ever give each other is our attention. A loving silence often has far more power to heal and to connect than the most well-intentioned words."

Oswald Chambers: Our gentle God
"The voice of the Spirit is as gentle as a zephyr, so gentle that unless you are living in perfect communion with God, you never hear it."
