

CAP Prayer Meeting - 16th April 2023

meet.google.com/eun-bwnd-tmy

- Volunteers - pray for their ongoing relationships with clients. Give thanks for their commitment to this work.
- All clients invited to the Steve Legg evening
- All clients sent an Easter card and some a small book explaining why we celebrate Easter
- Community Links Co-ordinator - Catherine Weatherill from Wellspring has started and made some great first impressions. Please pray for both Catherine and Morgan, that they will continue to work out exactly what the role looks like and that it enables us to reach more people for Jesus.

Clients

- J&J - case has closed. Denise remains in contact.
- AA - has been paying off debts faithfully for nearly 2 years but due to price rises CAP has suggested bankruptcy might be more appropriate.
- MT - quite unco-operative and CAP feel they will not be able to help in this situation.
- V - CAP have finally looked at and updated this case. Still not activated due to further information required. Please pray that V does not lose interest/enthusiasm - this has been a very long process!
- G - please pray for a suitably accessible flat to become available, and for health to stabilise. Denise and Morgan visited recently and G was much more animated than previously, despite health continuing to deteriorate - likely due to increased contact with others through PA visits. CAP-wise, all ticking along.
- AR - Just about to submit details so CAP can build budget and advice. A is quite isolated and suffers with physical and mental health difficulties, including

bereavement. Accepted prayer and showed emotional response but didn't want to discuss further.

- L - first visit in the last week

- X - a Christian who is on a low income and managing to pay all bills and contracted amount on a loan, but no disposable income. X seems to be trapped by fear and shame, which is also resulting in social isolation.

- V&M - first visit on 15/5. Already had telephone conversations which have hopefully alleviated some concerns.

- C - first visit on 22/5. Very keen to start working with CAP.
