

Hymne A L'Amour (Hymn To Love) (Edith Piaf – French)

Si le ciel devait tomber dans la mer
Et que les étoiles se fanaient tout autour de moi
Du temps que nous nous sommes connus, mon cher,
Je chanterai un hymne à l'amour.
Nous avons vécu et régné, nous deux seuls
Dans un monde qui n'est pas le nôtre
Avec sa mémoire toujours reconnaissante
Juste pour toi, je vais chanter un hymne à l'amour.

Je me souviens de chaque étreinte,
Du sourire qui illumine ton visage
Et mon cœur se met à chanter.
Ton bras, les mains sûres d'elles,
Tes yeux qui disaient "sois sûre".
Et mon cœur se met à chanter.

Si un jour nous devons nous dire au revoir
Et que notre amour devait s'éteindre et mourir,
Dans mon cœur, tu resteras, mon chéri.
Et je chanterai un hymne à l'amour
Ceux qui aiment vivront éternellement,
Dans le bleu, où tout est harmonie,
Avec ma voix qui s'élève vers le ciel,
Juste pour toi, je chanterai un hymne à l'amour.

Il unit tous ceux qui, autrefois, se sont aimés...

Hymn To Love (Edith Piaf – English Version)

*If the sky should fall into the sea
And the stars fade all around me
For the times that we have known here
I will sing a hymn to love*

*We have lived and dreamed, we two alone
In a world that seemed our very own
With it's memory ever grateful
Just for you, I'll sing a hymn to love*

*I remember each embrace
The smile that lights your face
And my heart begins to sing
Your arms, the hands secure
Your eyes that said, "Be sure"
And my heart begins to sing*

*If one day we had to say goodbye
And our love were to fade away and die
In my heart you will remain dear
I will sing a hymn to love*

*Those who love will live eternally
In the blue, where all is harmony
With my voice raised high to heaven
Just for you, I'll sing a hymn to love*

Hymn To Love by Edith Piaf

Spiritual Reading:

Paul Petrella

*"...and tho' we are not now that strength which in old days
Mov'd earth and heaven, that which we are we are:
One equal temper of heroic hearts,
Made weak by time and fate, but strong in will
To strive, to seek, to find, and not to yield."*
