

Mission and Goals

Promote education and good health; physically, mentally and spiritually.

Teach parents and their children principles for protecting and strengthening the home.

Help members of the community discover solutions to personal, social, relational and health problems.

Instill a sense of harmony and cooperation among all members of the community.

Advance the charitable and altruistic decision making of all citizens.

Teach the ideals of citizenship, integrity, personal responsibility, moral rectitude and spiritual maturity.

Encourage participation in local government and community events through volunteerism and other means.

Increase the knowledge about, and appreciation of, the historical significance of the area, region and nation.

Provide opportunity and promote discussion of family, contemporary social, religious and personal life issues.

Promote a proper understanding, and the effective and responsible stewardship of, the Earth and its natural resources.
