

GLENLEVEN LINDEN

**TILIA CORDATA
'GLENLEVEN'**

Glenleven Littleleaf Linden is a great choice for those with a tree lawn less than six feet wide, and no overhead lines. It's compact form of 40' tall and 30' spread still provides plenty of shade. It has a pyramidal shape with dark green foliage in summer and gold fall color. A prolific bloomer with small fragrant flowers in the Summer. Also a bee attractant.

TRIUMPH ELM

ULMUS AMERICANA

Triumph Elm is a fast-growing shade tree that develops a broad, rounded crown when mature. It is very resistant to Dutch Elm Disease, and develops strong branching. Glossy green leaves turn yellow in the fall. A great shade tree for streets and lawns.
