

EXHIBITOR DETAILS

Program Design: Food and game booths will be open from 9:00-10:30 pm.

The gym will be set up with food and game booths at one end, and stages for chef demonstrations at the other end.

At the north end of the gym (near the kitchen) there will be stages prepared for six chef presentations, taking place every 15 minutes beginning at 9 -10:30pm, with Stevan Mirkovich, our host asking questions and filling in the fun conversation with the audience. We will have a video camera set up to project the demo live on the screen. Samples and recipes will be available.

What You Need to Bring for your Food Exhibit/Booth:

There will be an exhibitor/booth rental fee of \$100. The rest of the profits are yours to keep (or you could donate them to the Service '19 trip☺)

Bring whatever items you would like to decorate or display at your booth, and be prepared to sell and have fun!

What We Will Provide:

We will provide you with a standard seven foot table and two chairs, and you bring the rest!

When You Should Arrive/Depart:

We would like to invite exhibitors to set up in the DLS gym on Fri. May 25 in the afternoon from 1-7pm. Final touches can be made to your booth, food brought in, etc. on Saturday evening from 6-8 pm. All preparations must be complete by 8 pm on Saturday, when the gym will close for alumni worship in the assembly room. At 9 pm the audience will move into the gym and the event will begin.

We will have student volunteers available to help you during the evening. We would ask you to stay until the event is over so that guests can have full opportunity to visit your display and we can all end and takedown the event together at 10:30 pm

Thank you so much for being a part of this fun, food-related evening! It's all for a great cause—and you'll be sharing your passion for food with hundreds of others just like you!

Thank you for supporting DLS Chef Fest!
