

# *The Beginning*

*The Time has come to say goodbye.*

*Such sadness here I see.*

*You'd think my life has ended,  
but it's just begun for me.*

*I know that you will miss me,  
but please don't be so sad.*

*If you but knew what I know now,  
for me you'd be quite glad.*

*Angels are surrounding me  
awaiting your goodbyes.  
My spirit then will follow them  
to Heavens waiting skies.*

*Loved ones who have gone before  
are anxious as they wait  
for me to leave you for a time,  
and meet at heaven's gate.*

*My spirit is alive and well.  
Death is not an ending,  
but a joyful transformation  
to a beautiful beginning.*
