# Sunset, Sunrise

*How lovely is a sunset  
at the ending of a day.  
Beauty from the falling sun  
can take one's breath away.*

*When the sun sets on our lives  
and this earthly body dies,  
we'll awaken to the beauty  
of a glorious sunrise.*

*And with our new awakening  
we'll find joy we've never known  
in the beauty of God's Heaven,  
and our new eternal home.*
