Why God Made Teachers

by Kevin William Huff

*When God created teachers,
He gave us special friends
To help us understand His world
And truly comprehend
The beauty and the wonder
Of everything we see,
And become a better person
With each discovery.*

*When God created teachers,
He gave us special guides
To show us ways in which to grow
So we can all decide
How to live and how to do
What's right instead of wrong,
To lead us so that we can lead
And learn how to be strong.*

*Why God created teachers,
In His wisdom and His grace,
Was to help us learn to make our world
A better, wiser place.*

My philosophy of teaching is: To help each student reach his/her fullest potential.

I decided to become a teacher: When I graduated in 1949, a woman didn't have a big choice of job selection - either a nurse, secretary, or teacher. I hated the sight of blood, couldn't type, so I became a teacher.

My favorite aspect of teaching is: I haven't regretted a day spent teaching and working with the kids. Each day is a new experience. After all these years, you never know what to expect next.
