

Freshman Focus 2018-2019

Gem State Adventist Academy

Dear Freshman, Class of 2022,

Today is the time to plan for the future. As your new teachers, we want to help ensure academic success in your four years at Gem State Adventist Academy. So the freshman teachers collectively plan and integrate specific study skills and concepts into the curriculum. Some examples include the following: organization, learning styles, study habits and techniques, textbook usage, test taking, outlining, planning projects and giving presentations.

When school begins, each freshman should possess a 3-ring binder (with inside pockets and a clear cover). This binder must contain filler paper, a minimum of five dividers with tabs and pockets, and a pencil pouch (with pencils, pens, and eraser). This binder, along with the classroom text and day planner (school provides), will serve as a pass into each class for the 1st quarter of school and promote organization.

Again, we want to help ensure four years of meaningful learning for each and every student attending Gem State Adventist Academy. Welcome to High School!

Sincerely,

Your Freshman Teachers:

Miss Mitchell, Mr. Perez, Mr. Perkins, Mr.
Ross, Mr. Wahlman, Mr. Waterhouse
