

Hi BME Parents,

I hope you are staying warm! I don't know about all of you but I can't wait for Spring! 😊 I wanted to share some updates with you:

Parent Ed Night

The weather has been putting a damper on our Parent Ed nights lately. I hope you were able to watch the Media on the Brain from our last Parent Ed night. If you would like the link or if you have any topics you are interested in you would like to see on a Parent Ed night, please don't hesitate to email me. I am always open to suggestions and ideas! On Media on the Brain it mentioned a video Raising the Remnant which is about parenting. I am looking to getting this and showing one of the DVD's for our April Parent Ed night.

Tonight's meeting on **Family Tech Talk** with guest speaker, Tim Miller from Trend Micro is being rescheduled. Since school is closed due to the weather, we are rescheduling it for **Wednesday, March 27th at 6:30 pm.**

Strawberry/ Dried Fruit/Nut Sale

Just a reminder that Strawberry and Dried Fruit and Nut orders need to be turned in by Friday, February 22nd. All students were given order forms and information to bring home on a couple occasions. You can also find the information and order forms on our website at www.mybme.org under BME Fundraisers. We appreciate your support! **Pick up will be on Sunday, March 17th from 10am-1 pm.**

PFE -Partners for Eternity

Just a reminder to parents participating in PFE this year. It is very important that you and your child fulfill your required commitment for visitation for PFE each week. **If visitations are not met, we are at risk of losing the opportunity to have this program next year as a way of helping with tuition costs.** We would not want to see that happen as many families rely on this help. It is also a huge plus for potential families coming in that may have concerns covering the monthly tuition. If you have any concerns about meeting the requirements for this program if you are currently participating, or if you have any questions, please **contact Laura Santiago, our PFE Coordinator at 484-709-7657.** Thank you!

Calendar Updates

We had a couple changes to the calendar that we wanted to make you aware of and also here are reminders of what is ahead:

- The **Spring Concert** was scheduled for April 20th. Due to the Easter holiday that weekend it has been **rescheduled to May 18th**. More details will follow as it gets closer.
- The **Geography Challenge** was scheduled for March 7th. The Pa Conference has **rescheduled it to April 24th**. The teachers will have a Geography Challenge in their classrooms in March/Early April to determine which students will be participating in the challenge on April 24th. Only 2 students from each class will be able to go to represent BME.
- **Week of Prayer**
- **Family Fun Night-March 23rd- Movie Night-** If anyone has any suggestions of what movie please email them to me. We want this to be a fun night for everyone that is appropriate for all ages and for a Christian environment! 😊
- **March 24th BME Career Day**

Many Blessings,

Gina Fuhrmann

Home & School Leader
