eGiving Guide

Realm®, our new online church community, offers new and easy ways to give financially to support our ministries. Whether you want to set up a recurring gift or split your donation among different funds, Realm makes it safe and secure to give online. We invite you to browse through this guide to learn how to use giving in Realm. We hope you take advantage of this convenience.

Create your Realm profile

With a profile, you'll manage your giving as recurring and one-time donations.

If you have an email address on file with the church, you received a Realm invitation via email.

FAQS

I don't want to give online. Should I still create a Realm profile?

There are many bonuses to a Realm profile:

- Print your own charitable contributions statement.
- Keep up with your classes and small groups.
- Opt-in to our online directory.

Is my information secure?

Your information is encrypted. Plus, the payment processor for Realm complies with the highest security standards in the industry.

What can church members with Realm accounts see about me?

Members with Realm accounts can see the name and photo of other Realm users. Your giving history and age are never visible to church members. Your contact information can only be seen by staff and your fellow group members. You can adjust your privacy settings to share your information with additional Realm users.

The security of your information doesn't stop there. This year, take steps to use different, random passwords for all your online accounts. Let's work together to keep things safe.

When I sign in Realm, I cannot see my giving history or my household information.

This means something you entered when creating an account didn't match our records. We can often rectify this for you. Sign in Realm next week, and if you don't see an updated Realm profile, please contact the church office.
